

**Stumptown Orange**  
THE SYRACUSE UNIVERSITY ALUMNI CLUB  
OF GREATER PORTLAND, OREGON

# SATURDAY, BLOODY SATURDAY

## OCTOBER 1, 2016

Our first football watch party of the fall didn't result in a victory for the Orange, but it did lead to 16 units of blood collected for the greater health of the Portland community.

In a shootout, Notre Dame bested SU, 50 - 33. On the positive side, Lake Oswego's Eric Dungey continued his maturation as SU's quarterback. He threw for 363 yards with two touchdowns and no interceptions. He was also the leading 'Cuse rusher with 49 yards.

We watched the game at The Civic Taproom, co-owned by **Spener Raymond ('10)**. The Civic was also the site for our fifth-annual what Color Do YOU Bleed? blood drive. The multi-alumni club effort brought forth donors representing Creighton, Alabama, North Carolina, Illinois, Michigan and Portland State, in addition to Syracuse. Thanks to the 19 donors, our volunteers, the American Red Cross, the alumni clubs which promoted the blood drive, and our sponsors, The Civic and Boise Fry Company. And a shout-out as well to our Stumptown Orange game watchers!
